Projects

E-commerce using HTML & CSS

Developed a fully responsive e-commerce website using HTML and CSS. Designed product pages, integrated product categories, and implemented a simple shopping cart layout. Focused on creating an intuitive user interface and ensuring the website was mobile-friendly for an enhanced shopping experience.

Portfolio Website (HTML, CSS & JavaScript)

Created a personal portfolio website using HTML, CSS, and JavaScript to showcase design and development skills. Integrated interactive features such as smooth scrolling and form validation, while ensuring the website was responsive across multiple devices. The site highlights completed projects and includes a contact form for potential clients.
